**Market Value** is Finance's estimate of your property's value.

**Effective Market Value** is calculated by dividing the assessed value by the level of assessment. This value reflects limitations on assessment increases as required by state law.

**Assessed Value** is calculated by multiplying the market value by the class one **level of assessment**, 6%, but may be less because assessment increases for class one properties are limited as required by state law. Assessment increases for class one properties may not exceed 6% per year and 20% over any five-year period.

**Exemption Value** is the value of any exemptions currently in Finance's records.

**Taxable Value** is the assessed value less any applicable exemptions.

**If you disagree with your property value:**

You may file an Application for Correction of Assessed Value with the New York City Tax Commission no later than March 15, 2012. However, your assessed value will not be reduced unless you can demonstrate that the value of your property is less than the Effective Market Value of \$294,666.

## DETAILED VALUE INFORMATION

Property Address: 109-79 COLFAX STREET

Borough: QUEENS

Block: 11112

Lot: 29

Building Class: B3 - Two-family dwelling

Finance estimated your property's market value by examining prices of similar properties and sales trends in similar neighborhoods. These properties are selected based on characteristics that they have in common with your property. Finance arrives at your property's market value by adjusting for any differences between it and those that sold. Finance has the following information on record for your property and considers it when selecting the appropriate comparable properties.

|                     |              |                       |             |
