- Explain how property taxes are calculated.
- Provide an estimate of your property tax for tax year 2019-20.

ESTIMATED 2019-20 PROPERTY TAX

We cannot calculate your 2019-20 property tax until the new tax rate is established by the city council. Until then, you will pay the 2018-19 rate. The table below estimates the amount you will owe by multiplying the taxable value of your property by the current tax rate of 12.612%. This table is provided for informational purposes only; the actual amount you owe may differ.

Please note that property tax abatements, including the coop-condo abatement, are not included in this estimate. If you receive any abatements, they will be subtracted from your property taxes. Check your July tax bill for the value of any abatements you receive.

ABOUT YOUR PROPERTY TAXES

Property taxes are determined using a complex formula that takes into account many different amounts and calculations. Visit www.nyc.gov/nopv for more information about property valuation and taxation.

The Department of Finance estimates that as of January 5, 2019, the Market Value for this property is \$706,400.

We will use this Market Value to determine your property taxes starting July 1, 2019.

The Department of Finance calculates your property's value based on the change in year over year value per square foot of similar properties.

Visit www.nyc.gov/nopv for more information.

If you own income-producing property, you must file a Real Property Income and Expense (RPIE) statement or a claim of exclusion unless you are exempt by law. The deadline to file is June 3, 2019. Failure to file will result in penalties and interest, which will become a lien on your property if they go unpaid. Visit www.nyc.gov/rpie for more information.

WHAT TO DO IF YOU DISAGREE WITH THESE VALUES

Challenge Your Market Value with the Department of Finance	Challenge Your Assessed Value with the New York City Tax Commission
If you believe the Department of Finance has made an error in determining your market value, you may submit a "Request for Review" form. The form is available at www.nyc.gov/nopv, or by calling 311. Many property owners consider challenging their market value in hopes of reducing their property tax. However, your property tax will not go down unless you can prove that the market value should be lower than the effective market value. Deadline: April 1, 2019	You have the right to challenge your assessed value by appealing to the New York City Tax Commission, an independent agency that is separate from the Department of Finance. The Tax Commission has the authority to reduce your property's assessed value, change its tax class, and adjust your tax exemptions. The Tax Commission cannot change your market value, property description, or building class. Your application must be received by the filing deadline. To access Tax Commission appeal forms, visit www.nyc.gov/taxcommission. You may also visit a Department of Finance business center (locations at www.nyc.gov/nopv). For more information, call 311. Deadline: March 1, 2019
